

Growing Up in Country Australia

Edited by Rick Morton

Black Inc.'s bestselling *Growing Up* series
goes to the country

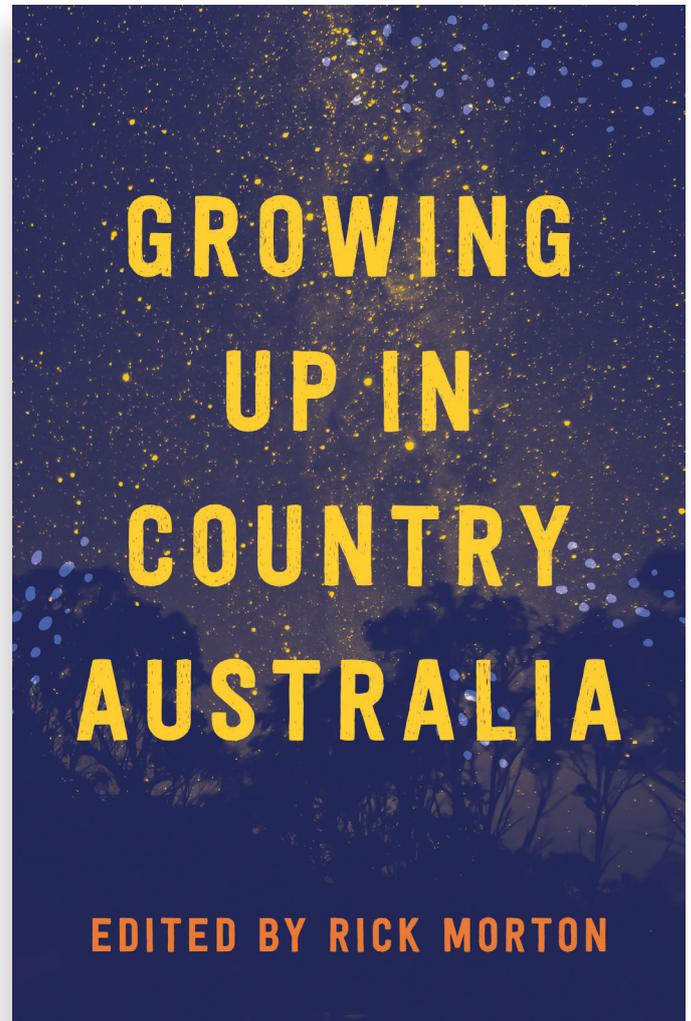

Edited by writer and journalist Rick Morton, *Growing Up in Country Australia* brings together the stories of 40 contributors to depict country Australia as you've never seen it before.

Featuring authors both established and emerging and from a wide range of backgrounds – including First Nations and new migrants – *Growing Up in Country Australia* is a unique and revealing snapshot of rural life.

Rick Morton says: 'You will find in these pages a colourful and gripping pastiche that updates the experience outside Australia's cities and large regional centres. You will find, despite the absolute variety in these essays, that there is still something ineffable about life in the country.'
